From the New York Star, Feb. 22.
Mexico.—A rumour is about that Mexico will be called upon to "pay up" to the tune of two millions, for alleged spoliation. The principle must be carried out. "Sauce for the goose is sauce for the gander," and Jackson must enter up a *capias ad satisfaciendum* before he quits the premises. St. Anna had better be prepared for the "first instalment," or Texas will be held in security. We believe the General has nearly squared accounts with all the European powers—he must now open his account current with South America.

We have a small claim against Holland, for \$500,000 damage done to American property, by firing from the citadel of Antwerp on to the town by Gen. Chasse. But Van Buren begs he will leave that small item for him to settle, if he can elbow his way into the Presidency.

We believe that there is a small undigested amount against the Celestial Empire, and that Hong-tu-loo-Chee, the Emperor of China, has signified his willingness to pay, provided we take it out in bohea.

From the King of Siam we can get nothing. He said he would have paid in pepper, had not the Potomac, under Com. Downes, given Quallah Batoo a peppering to the full amount of the claim.

The Potowattamies, we believe, owe us nothing. Its well they dont, or we should pursue them beyond the Rocky Mountains.

Charleston and Cincinnati Rail Road.
 —We learn from the Louisville Journal, of the 6th inst. that the Charleston and Ohio Rail Road Bill, which has recently passed the Kentucky House of Representatives, contains a provision which reserves to the State of Kentucky, at the expiration of 15 years, the right to the absolute possession of the portion of the Road lying within her limits, on paying the prime cost; and which Col. Blanding thinks will prove fatal, if persisted in, to the whole project. Mr. C. A. Wickliff, at the instance probably of Col. B., warned the House, when the question was about to be taken, that if the provision above referred to were retained, not a dollar of the stock would be taken; it was retained, however, and the Bill passed by a vote of nearly 3 to 1. An attempt will be made in the Senate, to get rid of the obnoxious provision, but if it should be successful there, it is likely to defeat the Bill in the House. Col. B. thinks the Bill otherwise not unacceptable, although it provides for three branches of the Road, one to Louisville, another to Cincinnati, and a third to Maysville.—*Chas. Courtes.*

Robbery of a Methodist Church.—Six hundred and fifty dollars stolen.—We learn that a room in the basement of the Methodist Church in Cumberland-street was entered on Thursday night, and a drawer robbed of the amount, or thereabouts, specified above. There was no breaking of doors, and there is scarcely room for doubt that the robbery was perpetrated by some one entirely at home on the premises. The Sexton, a colored man, was suspected, and brought before the Mayor for examination, but no evidence appearing to incriminate him, he was discharged. It is stated that the plundered notes were selected with due deliberation—the robber taking a one hundred dollar note, several fifties, twenties, tens, &c. This was a prudent scheme to avoid detection, and shows a degree of skill in such matters as does not argue the present act of villainy to be the first in the history of the offender. There was, we learn, upwards of seven thousand dollars in the same case from which the stolen money was taken and which was doubtless known to the robber.—*Norfolk Beacon, 22d inst.*

Horrid Murder.—We are informed that a Negro Woman belonging to Mr. J. Murphey, a few days since murdered, in a most shocking manner, a little boy, son of Mr. John Shields, who lives in Halifax County, Va. 5 miles from this place. The circumstances, as near as we can collect them, are as follows:—Mr. Shields is the Overseer of Mr. Murphey, and resides on his land, and whilst his wife and himself were absent from their house, leaving their little son, about nine years old, at home, the negro woman stole several articles, and the boy threatening to tell on her, she knocked him down with an axe, and supposing she had killed him, threw his body on the fire and went out of the house. The child coming too, was enabled to extricate himself from the fire, though dreadfully burnt. His cries brought assistance, and he lived several hours, during which time he related the circumstances attending the murder. The negro woman has been arrested, and will be tried by a special Court, and we trust speedily meet with the punishment due for the horrid deed she has committed.—*Milton Spectator.*

How a Story gains.—A vessel was lately wrecked on the coast of Florida, having on board \$30,000 in specie. In republishing the account, some southern paper mistook the 3 for an 8, making the sum \$300,000. The Augusta Courier adds a cipher, making it \$3,000,000. This is the last we have seen of it, but we have some expectation of hearing soon from the north that she had \$8,000,000 on board, and that the weight of the cash sunk her!

Bowdoin College, (Maine,) was destroyed by fire on the 17th ult. The Students saved most of their books, clothing, &c. but the Athenaeum Society Library was burnt.

Joice Heth is no more! This ancient of days, on whose young knees the infant Washington once rested and played, has at last laid down the burden of more than a hundred and sixty years. She was the oldest woman in the world when she met her death, which took place on Monday last. Actual age, 162.—*Phil. Gaz.*

High Price for Wood.—Oak Wood was sold at \$16 50 per cord in New York on the 18th inst.

Still higher price.—A Miss Wood recently recovered ten thousand dollars damage for a breach of promise, from a faithless swain.

DYSPEPSIA AND LIVER COMPLAINTS.

THE PATENT VEGETABLE MEDICINE STOMACHIC ET HEPATICA, formed by chymical analysis and synthesis of several proximate vegetable principles, are universally acknowledged to have totally eclipsed the pretensions of every other remedy, and superceded the necessity of every other mode of treatment wherever the above diseases are found to exist, as well as in enlargement of the Spleen and Jaundice.

Among the symptoms of Dyspepsia and Liver complaints, are flatulency, sourness or burning in the stomach, melancholy, irritability, disagreeable taste in the mouth; great irregularity of appetite, which is sometimes voracious, and at other times greatly deficient; thirst, fetid breath, nausea, weakness of the stomach, acid eructations, palpitation, drowsiness, irregularity of the bowels, pressure on the stomach after meals, pain in the head, dizziness or vertigo, confusion of mind, attended with loss of memory, a gnawing in the stomach when empty, chilliness, affection of sight and hearing, pain and weakness in the back, languor, disturbed sleep, cold feet and hands, tremor, uneasiness in the throat, cough, pain in the side or breast, &c.

DR. PETERS' Vegetable Anti-Bilious Pills.

Are the cheapest and most approved Family Medicine ever offered to the Public. They are extremely mild in their operation, neither causing sickness of the stomach, nor any unpleasant sensation in the system, as is too frequently the result from medicines given to act upon the bowels. They act specifically upon the Liver, when in a torpid condition, carrying off a large quantity of bile, through the influence of the excrementitious function, which, if suffered to remain in the system, would produce either Jaundice, Liver Complaint, Bilious Fever, Fever and Ague, or some other grievous bodily affliction. In all cases of torpor of the bowels, they act like a charm. In recent cases of Dyspepsia, they are a certain cure. Many persons who were subject to violent attacks of sick head-ache, have been much benefited, and several perfectly cured in a few weeks by their use. They are highly recommended as a preventative and cure of Bilious complaints. Persons who are subject to that distressing complaint, sea-sickness, by taking a portion or two of them a few days previous to embarking on board the vessel, will be almost certain to escape it. Females can use them at all periods, without incurring any risk. Their virtues will remain unimpaired for years in any climate. No family should be without these Pills; a portion of them, taken occasionally, would be the means of preventing much suffering from sickness. It is from neglect of keeping up a regular peristaltic action of the stomach and bowels, thus suffering to be absorbed and mingled with the blood, unassimilated fluids, that most diseases are produced. Dr. P. feels confident that no person who gives these Pills a fair trial, will ever after feel willing to be without them. The testimony of thousands speaking in the highest terms of their efficacy, might be added, but the very high reputation Dr. P. has acquired as the inventor of the "Patent Vegetable Medicina Stomachica et Hepatica," for the cure of Dyspepsia and Liver complaints, is thought a sufficient guarantee to those wishing to make a trial of their virtues. They contain not a particle of Mercury, or any ingredient that does not act in harmony with health and oppose disease.

Dr. P. having been educated under the most eminent American and European Medical professors, and practised his profession many years in the South, where diseases of the most obstinate character prevail, considers himself well qualified to judge on the nature of diseases incident to warm climates.

Prepared by JOSEPH PRIESTLY PETERS, M. D. P. E. C. P. M. at his Institution for the cure of obstinate Diseases, by means of vegetable remedies, No. 129 Liberty-street, New York, inventor and sole proprietor. Each box contains forty Pills, Price 50 CENTS.

These invaluable Medicines are sold in Charlotte by Smith & Williams; in Concord by P. B. Barranger, and in Salisbury by John Murphey, where numerous certificates of their efficacy can be seen.
